SIERRA MORENA BY BICICLETA

# LA SIERRA MORENA DE SEVILLA

The Sierra Morena of Seville is a privileged environment for cycling thanks to its rural paths and secondary roads and also because of the incredible landscape that surrounds us throughout the route

- 2001: Declared a Natural Monument, the Huesna Waterfall, located within the natural park.
- 2002: Became part of the Dehesas de Sierra Morena Biosphere Reserve, along with other natural areas.
- 2003: Designated a Special Protection Area for Birds (ZEPA).
- 2003: Declared a Natural Monument, the Cerro del Hierro, located within the natural park.
- 2007: Adhered to the European Charter for Sustainable Tourism (CETS) and renewed in 2012.
- 2006: Included in the List of Sites of Community Importance (LIC) and reviewed in subsequent decisions.
- 2011: Recognized as a UNESCO Global Geopark.
- 2012: Declared a Special Area of Conservation (ZEC).
- 2014: Certified as Starlight Astronomical Reserve. The largest in the whole world, with 67 municipalities
- 2019: Declared a Natural Monument, the Fossil Jellyfish Footprints of Constantina, located within the boundaries of the natural park.

# SIERRA MORENA BY BICICLETA

You will discover the Parque Natural Sierra Morena de Sevilla, where you'll experience typical dehesa forests, gentle mountains, and crystal-clear rivers

Our tours offer a perfect blend of natural beauty, historical charm, and unforgettable cycling experiences, making it an ideal adventure for those seeking to immerse themselves in the heart of western Andalusia

# SIERRA MORENA BY BICICLETA

The guide will give a detailed briefing on each day's ride and an introduction to the bicycles with continued advice while cycling with the group

The tour leader takes care of day-to-day bike maintenance. In addition, he will explain and show interesting facts to get to know the true beauty of Andalusia; its traditions, history, and landscapes

# SIERRA MORENA BY BICICLETA

Each day's ride covers distances between 40-50 km, with an average cycling speed suited to the terrain. We will mostly traverse rolling hills and gravel roads, with a few challenging climbs.

On average, we will spend 4-5 hours cycling each day. There will also be regular breaks, and visits to notable sites along the way

# SIERRA MORENA BY BICICLETA

At selected points along the route, the support team will enhance the experience with local homemade cuisine, prepared with regional ingredients.

And remember: after refueling, it's time to keep pedaling!

As an option, on the second day we can finish with a picnic lunch in an unparalleled setting, featuring the finest delicacies from the Sierra.

# SIERRA MORENA BY BICICLETA

The hotels on this trip have been carefully selected for their location, atmosphere and unique services.

The standard room type is the Standard Double Room, single room is available on request

Breakfast is always included

# SIERRA MORENA BY BICICLETA

The region has a Mediterranean climate with abundant sunshine and long hours of daylight, even in winter. In spring and autumn, temperatures range from 8°C to 19°C, while in summer they can reach between 22°C and 35°C, and even higher. Rainfall is minimal. In winter, nights can be quite cold, with daytime temperatures around 12°C.

# SIERRA MORENA BY BICICLETA

Life is more than just cycling

Extra activities can be arranged to enhance your trip experience

- Flamenco show
- Spanish ham slicing by spanish champion
- Traditional breakfast, lunch, dinner in the countryside
- Wine tasting

And much more, we are always investigating
